# Social Media Content Ecosystem

Managed end-to-end social content strategy across Instagram, Facebook, LinkedIn, and YouTube — from creative direction and copywriting to scheduling, community management, and performance analysis. Each content series built around a distinct pillar: property storytelling, market intelligence, agent recruitment, product education, and seasonal campaigns — all unified by consistent brand voice and visual identity across four platforms simultaneously.

# Integrated *Campaign Leadership*

Led strategy and execution of integrated marketing campaigns across digital, email, and print channels — ensuring consistent brand storytelling and measurable performance. Every campaign designed as a cohesive system: email launched first to generate digital awareness, with print materials following to reinforce messaging at open houses, presentation centres, and industry events. QR codes and custom tracking URLs embedded in all print assets brought offline audiences into digital funnels — closing the measurement gap between physical and digital engagement.
